FINAL REPORT  
OF THE  
NEW YORK MEDICAL ASSOCIATION  
FOR THE SUPPLY OF  
LINT, BANDAGES, ETC., TO THE UNITED STATES ARMY.

---

In presenting to the public this final and complete Report of the operations of the New York Medical Association, it is deemed expedient to give, first, a brief account of the origin, aim, and labors of this Association.

The New York Medical Association derived its origin from that national crisis through which we are passing. When the perpetuity of the Government of the United States, as now established, was threatened, the people, with one accord, hastened to furnish aid and assistance to the Commonwealth in its necessities. Voluntary associations for this purpose were immediately formed, and among them the New York Medical Association, for the supply of lint, bandages, &c., sprang into being.

This Association was formed for the purpose of acting as the central agent of distribution for the numerous voluntary societies, so that the greatest amount of good might be obtained from the offerings of those who were eager to provide for the anticipated wants of wounded and sick soldiers, and yet knew not how to accomplish that object in the most effectual manner.

Our aim has been to act as a central agent in the economical distribution of hospital appliances.

Our operations extend over a period of three months, the Association having been organized April 23d, 1861, when—

Dr. VALENTINE MOTT was chosen President.

Dr. JOHN W. GREENE " " Secretary.

Dr. JACOB HARSEN " " Treasurer.

The active duties of the Association were entrusted to "The Executive Committee," consisting of the following gentlemen:

Dr. JARED LINSLY, Chairman from April 23d to April 25th.  
 Dr. E. L. BEADLE, " " April 25th " May 11th.  
 Dr. S. CONANT FOSTER, " " May 12th " July 25th.  
 Dr. WM. H. DRAPER, Secretary.  
 Dr. R. S. SATTERLEE, Surgeon U. S. A., Honorary Member.

Dr. JNO. O. STONE,	Dr. WILLARD PARKER,

Dr. SAML. HALL,	Dr. A. L. VOSS,
Dr. E. KRACKOWIZER,	Dr. J. B. REYNOLDS,
Dr. ROBT. WATTS,	Dr. F. BURRALL,
Dr. WM. M. HUDSON,	Dr. S. TEATS,
Dr. ROBT. STONE,	Dr. BENJ. LEE,
Dr. A. C. BOORAEM,	Dr. G. M. SMITH,
Dr. J. H. HINTON,	Dr. E. S. HOFFMAN,
Dr. HENRY B. SANDS,	Rev. WM. S. LUDLUM,
Dr. ALFRED L. LOOMIS,	Dr. HOWARD PINCKNEY,
Dr. THOMAS COCK, JR.,	Dr. Jas. H. ANDERSON,
Dr. T. M. MARKOE,	Dr. JOHN P. GARRISH,
Dr. S. S. PURPLE,	Dr. J. H. WARNER,
Dr. GEO. T. ELLIOTT,	Dr. JOHN P. BATCHELDER,

Dr. WM. DETMOLD.

The Executive Committee met daily to consider communications, to receive requisitions from regiments applying to this Association for hospital supplies, and to hear the Reports of the various sub committees.

To the Committee on Samples and Purchases was assigned the duty of inspecting articles either offered as contributions, or to be purchased. This Committee consisted of Doctors Greene, Hinton, and Teats.

To the Printing Committee was intrusted the preparation and publication of circulars and advertisements for the information of those who were seeking for a channel of distribution through such an association as our own. This Committee consisted of Doctors Hall, Greene, Hoffman, Loomis, Purple, and Lee.

The Conference Committee was organized for the purpose of visiting and corresponding with other associations applying for personal instruction in relation to the proper mode of preparing the various articles which they were desirous of manufacturing. This committee consisted of Doctors Van Buren, Buck, Parker, Peters, Crane, Church, Crawford, Harris, Thebaud, and Beadle.

The Vaccine Committee was appointed to collect, preserve, and distribute vaccine virus as occasion required. This Committee consisted of Doctors Foster, C. V. A. Anderson, and Loomis.

The Finance Committee was appointed to receive donations in money, and transmit the same to the Treasurer. This Committee consisted of Doctors Jones, Hoffman, and Draper.

Upon the Packing Committee devolved the task of packing suitable assortments of lint, bandages, clothing, and other hospital supplies, in boxes made according to a prescribed pattern in the office of the Medical Purveyor for the United States Army. This Committee consisted of Doctors R. Stone, Hudson, Holmes, C. V. A. Anderson, Noyes, Booraem, Reynolds, Burrall, Teats, Lee, G. M. Smith, Hoffman, Leaming, Ludlum, Pinckney, and James H. Anderson. To this Committee the Association is very much indebted. The young men who served upon this Committee performed themselves the entire work of counting, assorting, packing, and shippng all the articles which went out from the Association. They dispensed as much as possible with hired assistants. By reference to the Treasurer's Report below it will be seen how little was expended for hired labor, and by reference to the lists of receipts and distributions it may be inferred how much was done with their own hands. They did this work cheerfully, and we embrace this opportunity to acknowledge our obligations to them.

To the Distributing Committee all requisitions were passed after having received the approval of the Executive Committee, and the articles called for in each requisition were delivered only upon their order. This Committee consisted of Doctors J. O. Stone, Peters, Harsen, Booraem, Detinold, and Purple.

The Association is *especially* indebted for its efficiency and useful-

ness to this Committee, since a proper disposition of the articles intrusted to this Association depended on the prudence and discretion of this Committee. Every requisition was *referred to the Distributing Committee with power*, and it was their duty to exercise a wise discrimination so as to restrain those who were disposed to ask for more than they needed, and to assist those who were in doubt respecting the quantity that they really required. This arduous duty they have performed to the full satisfaction of this Association.

Following this introductory notice of the origin, aim, and labors of this Association, it is considered expedient to state the reason why this Association has dissolved. We have dissolved, not because of any abatement of the humane and patriotic feelings which actuated us at the beginning, but because our intervention seems to be no longer required. The peculiar emergency which called the Association into being has ceased to exist. We presume that the Government, having had sufficient time to make adequate provision for the wants of its Army, is now fully prepared to supply all necessities which may hereafter arise. That work properly belongs to the authorized agents of the Government. The Medical Association, being a purely voluntary body, and *extra official*, think it to be expedient and proper now to leave the future hospital supplies for the army to the regular authorities. Therefore we have dissolved our Association, —presenting to those whose contributions we acknowledge below our hearty thanks for their liberal donations, and hoping that peace may soon revisit our land, and that our flag may hereafter wave over a country never more to be threatened by dangers and calamities which precede and must follow disunion,—we have closed a short, but, as we trust and believe, useful career.

REV. WM. S. LUDLUM, M. A.

WM. HENRY CHURCH, M. D.
